The school's approach to human resources practices conveys our commitment to child safety.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. Our policies and procedures detail how our staff and volunteers can identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. Appropriate guidance and reference is provided to staff and school council members on roles and responsibilities for managing risk of child abuse, child abuse risks and the school's current child safety standards refer to the Department's [Report Child Abuse in Schools](#) and [PROTECT](#) pages.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, and the safety of children with a disability and vulnerable children.

New employees and volunteers will be inducted into the school and supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported to the Principal or Assistant Principal and will be managed in accordance with Bairnsdale Primary School's Child Safety Reporting Obligations Policy and Procedures.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to DHHS Child Protection, Victoria Police and/or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

Bairnsdale Primary School will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, Bairnsdale Primary School will provide ongoing support for students affected by child abuse.

The Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures can be found at the School Office as well as copies in the Principal, Assistant Principal and Student Wellbeing Officer's office.

Risk reduction and management

Bairnsdale Primary School believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Bairnsdale Primary School will ensure that it keeps reviews and continually updates a risk assessment register, including the actions the school will take to reduce or remove the identified risks.

Listening to, communicating with and empowering children

Bairnsdale Primary School has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. Students can also access information on how to report abuse from the Student Wellbeing Officer
