Hello everyone,

For the past few years staff has been focussed on turning the school around from the downward slide that was occurring, being below state average NAPLAN scores, falling survey results with student, staff and parent surveys, and a range of other teacher judgements dropping away. I always thought of the school like the Titanic immovably heading toward the iceberg.

However, with a lot of work from the teachers and the students the school has made significant progress this year. Trudie had already mentioned in a previous newsletter the great results we had with the Attitudes to School Survey that the students did earlier this year. In 2 years we have brought the school from below the 5<sup>th</sup> percentile in some areas, to above the 95<sup>th</sup> percentile and higher.

NAPLAN results have come back in for 2018 and they are amazing. In 5 out of the 10 areas the graph could not show our results as they were too high and went off the chart. 6 out of ten were above the state average results and all 10 had made significant improvement, being the best results we have had in the last 5 years. Once again the hard work of the students and the teachers are the reason for this wonderful turn around in results. Well done everybody but we need to keep up the effort to continually improve these very good results.

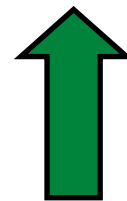

Our 6 students that attended Somers Camp this year returned home this afternoon. I am sure they will have exciting stories of adventures and new friendships made over the past 9 days. I caught up with one of the parents on Monday morning and she reported, after visiting the camp on Sunday, that her child was having a wonderful time, making new friends and going outside of their comfort zone to learn new things like washing the dishes!

The grade 3/4 students are heading to the BEEC next week (Tuesday 11<sup>th</sup> Sept) to look at erosion and the effect that it has on the earth. A reminder that all notes need to be returned as soon as possible.
