Newsletter Week 9 Term 1 2018

Welcome to the last couple of days of school for term 1

I must be truthful and say that I am very much looking forward to a break, some time, just not to be rushing!

As term 1 draws to a close, we need to reflect on how much we have achieved in a very short period of time! Well done us! We had a really successful start to our year of teaching and learning, our Community Playgroup continues to thrive, inducted some new staff, had lots of swimming happening at all sorts of levels, elected a new School Council, developed a plan for 2018 AIP, run a fun Harmony day, – plus I have probably forgotten something! Also, I have not even mentioned the most important element of all – excellent teaching and learning in every classroom.

School Council: Congratulations to both James Roughley and Denielle Stephens in being elected as our 2018 School Council President and Vice President. I am looking forward to a year of continuous improvement in our fantastic school. I am very thankful for the contribution made by our outgoing members: Lisa Carter and Anna Moser. All of our parents have given of their own personal time to ensure that 754 is always providing the best possible education for all children. I need to welcome Tamara Lawrence and Carolyn Love to our group. Our first meeting with the new council was full of positive energy and a clear desire to make 754 great.

Parent Teacher Interviews: Please don't forget to ensure that you have booked a Parent/Teacher interview. It is important that you take advantage of the chance to have a private conversation with your children's teachers about the term / year so far. Teachers will be well prepared with assessments, learning plans and more. If you need a last minute appointment, just contact Tracey in the office and she will help you out. Remember that we are a no homework school, so to the question of "How can you help support your child's learning?" "Read every night, share a book. Complete the Big Talk and practise those quick number facts (Or as we old people used to call them – know your tables)"

Reading Term 2 Day 1: This professional learning program is happening the first day of next term for all staff and it is a **student free day**. All staff will be reflecting on our current practise in teaching reading, assessments of reading, our 754 placemat for reading and more. No teacher lotto here! Consistency and excellence in all classrooms. I do appreciate your patience with our student free days, this is key to embedding our learning and ensuring the necessary steps to excellence in teaching. The first day of school term 2 for the kids is: **Tuesday 17th April**.

Dan Petro: Dan will be working in our school on Wednesday the 18th April. Dan will be in classrooms observing behaviours and actions of staff and students. He will also be running a Parent Information Night on Thursday 19th here at 754. Please note the information on the flyer. This is a really good chance to get first hand, practical support during a question and answer format.

Something to Ponder: It is noticeable that some of our children are getting really tired – please be sure to have kids in bed early and well rested ready for school. Thanks, we appreciate the support.

Don't you just love happy faces!

Talk soon.

Looking at Behaviour

Simply stated, behaviours are actions or conditions that can be observed. The majority of human behaviours are desirable and necessary for individuals or groups to function productively and safely.

These desirable behaviours will typically continue to occur because they are strengthened by the outcome of the behaviour itself. For example, a person looks at you, smiles, then says "Good morning". You then respond by smiling back and returning the greeting. Because of your response, that person is more likely to greet you in a similar fashion the next time.

However, when **undesirable** behaviours occur they too may continue depending upon the response. Generally, the reaction to a given problem behaviour will strongly determine if that problem behaviour can be modified to something more desirable, or if the condition becomes an even bigger challenge for everyone involved.

Behavioural Resources Australia

How to place a Lunch Order

Write the lunch order on a clean brown paper bag and remember to include: Child's name, Class and room number.

Place the money inside the bag and try to include the 'correct amount' if you require change - it will be placed in the bag and returned to your child with their lunch.

Lunch orders are placed in the 'lunch basket' located in each classroom.

The Class Monitor takes the basket to the Office in the morning at 9.00am, and then collects the basket from the canteen at first break to be delivered to the classroom.

If you don't have a paper bag, write your child's order on an envelope with the money enclosed - add 20 cents for the cost of the bag.

Frozen items cannot be included in lunch orders and need to be purchased at the Canteen directly.
